This is to announce the formation of the MINNESOTA ACTION COUNCIL for political assassinations disclosure. Our basic objective is to bring about understanding of the political, social, and economic reasons for the major domestic political assassinations of the last 13 years so that citizens can begin to assert democratic control over the course of our society. From time-to-time, we will be issuing position papers, which we would like to exchange with you for the products of your effort. If you would like to be on our mailing list, please write:
